# **Independent Auditor's Report**

Board of Education Jenison Public Schools Jenison, Michigan

#### Report on the Audit of the Financial Statements

## **Opinions**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Jenison Public Schools (the District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2023, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Emphasis of Matter**

As discussed in Note 1 to the basic financial statements, in fiscal year 2023, the District adopted Governmental Accounting Standards Board (GASB) Statement No. 96, Subscription-Based Information Technology Arrangements. Our opinions are not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of the District's internal control. Accordingly,
  no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and the other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such

information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

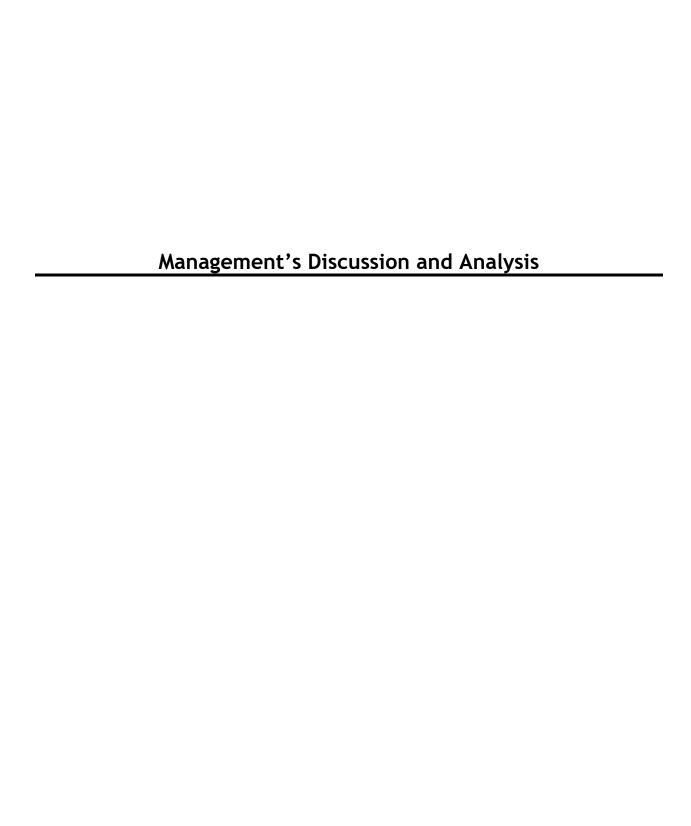

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining, individual fund financial statements and schedules, schedules of bonds issued, redeemed and outstanding, and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining, individual fund financial statements and schedules, schedules of bonds issued, redeemed and outstanding, and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated, October 20, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

BDO USA, P.C.

October 20, 2023

# Management's Discussion and Analysis Year Ended June 30, 2023

As management of Jenison Public Schools (the District), we offer this narrative overview and analysis of the financial activities of Jenison Public Schools for the year ended June 30, 2023. Accounting principles generally accepted in the United States of America (U.S. GAAP) require the reporting of two types of financial statements: the District-Wide Financial Statements and the Fund Financial Statements.

## **District-Wide Financial Statements**

The District-wide financial statements are prepared using full accrual accounting and more closely represent those presented by business and industry. All of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, both short- and long-term, are reported. As such, these statements include capital assets, net of related depreciation, as well as the bonded debt and other long-term liabilities of the District.

The statement of net position presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases and decreases in net position can serve as a barometer of financial health and whether the District's financial position is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the year. This statement focuses on both the gross and net cost of the various activities which are supported by the District's property taxes, state aid, and other revenues. This presentation is intended to summarize and simplify the user's analysis of the cost of the various services.

## **Fund Financial Statements**

The governmental fund financial statements are reported on a modified accrual basis in that only those assets that are measurable and currently available are reported. Liabilities are recognized to the extent that they are normally expected to be paid with current financial resources.

The fund statements are formatted to comply with the legal requirements of the *Michigan Department of Education's Accounting Manual*. In the State of Michigan, school districts' major instruction and instructional support activities are reported in the General Fund. Additional activities are reported in the Special Revenue Funds, Debt Retirement Funds, and Capital Project Funds.

In the fund financial statements, capital assets purchased are reported as expenditures in the year of acquisition, with no asset being reported. The issuance of debt is recorded as a financial resource. The current year's payments of principal and interest on long-term obligations are recorded as expenditures. The obligations for future years' debt obligations are not recorded in the fund financial statements.

| Total Net Position   | \$ (72,149,797)   | \$ (94,130,182)   |

# Capital Assets and Long-Term Debt

## Capital Assets

By the end of the 2022-23 fiscal year, the District had invested approximately \$103.5 million, net of accumulated depreciation, in a broad range of capital assets including school buildings and facilities, site improvements, school buses and other vehicles, and various types of equipment. Depreciation expense for the year amounted to approximately \$2.6 million, bringing accumulated depreciation to \$66.8 million as of June 30, 2023.

# Management's Discussion and Analysis Year Ended June 30, 2023

# Capital Assets (Net of Accumulated Depreciation)

| June 30,   |    | 2023        |    | 2022       |
|--|----|-------------|----|------------|
| Land   | Ś  | 553,166     | \$ | 553,166    |
| Construction in process                                | •  | 30,745,682  | ~  | 20,346,026 |
| Buildings and improvements                             |    | 65,320,167  |    | 58,032,669 |
| Machinery, equipment and furniture                     |    | 5,799,190   |    | 2,291,771  |
| Transportation equipment                               |    | 720,999     |    | 832,045    |
| Subscription-based information technology arrangements |    | 414,552     |    | -          |
|  | \$ | 103,553,756 | \$ | 82,055,677 |

## **Long-Term Obligations**

At June 30, 2023, the District had approximately \$105.3 million in long-term obligations outstanding. This represents a decrease of approximately \$5.6 million over the amount outstanding at the close of the prior fiscal year. The decrease resulted mainly from scheduled bond payments during the year.

For more detailed information regarding capital assets and long-term obligations, please review the Notes to Financial Statements located in the financial section of this report.

# Management's Discussion and Analysis Year Ended June 30, 2023

### Analysis of Significant Revenues and Expenditures

Significant revenues and expenditures are discussed in the segments below.

#### **State Sources**

The District is funded predominately by state aid. The State of Michigan funds districts based on a blended student enrollment. The blended enrollment consists of 90% of the current year's fall count and 10% of the prior year's spring count. Blended state aid membership was 5,429 and 5,335 in 2022-23 and 2021-22, respectively. The state per-pupil allocation for 2022-23 and 2021-22 was \$9,150 and \$8,700, respectively.

#### Student Enrollment

The following schedule compares FTE for the blended student enrollment for the past five fiscal years:

|             | Actual Blended | Increase   |
|-------------|----------------|------------|
| Fiscal Year | Student FTE    | (Decrease) |
| 2022-23     | 5,429          | 94         |
| 2021-22     | 5,335          | (14)       |
| 2020-21     | 5,349          | 6          |
| 2019-20     | 5,343          | 107        |
| 2018-19     | 5,236          | 67         |

### **Property Taxes**

The District levies 18 mills of property taxes for operations on non-homestead properties, less the mandatory reductions required by the Headlee Amendment. According to Michigan law, the taxable levy is based on the taxable valuation of properties. The annual taxable valuation increases are capped at the rate of the prior year's Consumer Price Index increase or 5%, whichever is less. At the time property is sold, its taxable valuation is readjusted to the State Equalized Value, which in theory is 50% of the property's market value.

For the 2022-23 fiscal year, the District's non-homestead property tax collections were approximately \$3.7 million. This is a 10.5% increase from the prior year.

The District levies 8.5 mills of property taxes on all classes of property located within the District for bonded debt retirement. This levy is not subject to rollback provisions and is used to pay the principal and interest on bond obligations. The total amount collected for debt retirement in the current year was approximately \$9.2 million. This is a 6.7% increase from the prior year.

## General Fund Budgetary Highlights

The Uniform Budget Act of the State of Michigan requires that the local Board of Education approve the original budget for the upcoming fiscal year prior to its starting on July 1. Any amendments made to the operating budget must be approved by the Board of Education prior to the close of the fiscal year on June 30.

# Management's Discussion and Analysis Year Ended June 30, 2023

For the 2022-23 fiscal year, the District amended the General Fund budget two times, with the Board of Education adopting the changes in March and June 2022. The following schedule shows a comparison of the original General Fund budget, the final amended General Fund budget, and actual totals from operations:

Variance with

|   |    |            |    |            |    |            |    | ariance with |

The variance between the original and final budget was due to additional Federal and State grants that were received throughout the year. The State revenue increase was due to grants awarded mid-year and additional funds to offset retirement costs. Other one-time purchases were made as well as additional expenses for childcare, mental health, security, HVAC equipment and technology.

Overall, the General Fund increased its fund balance by \$2,146,267.

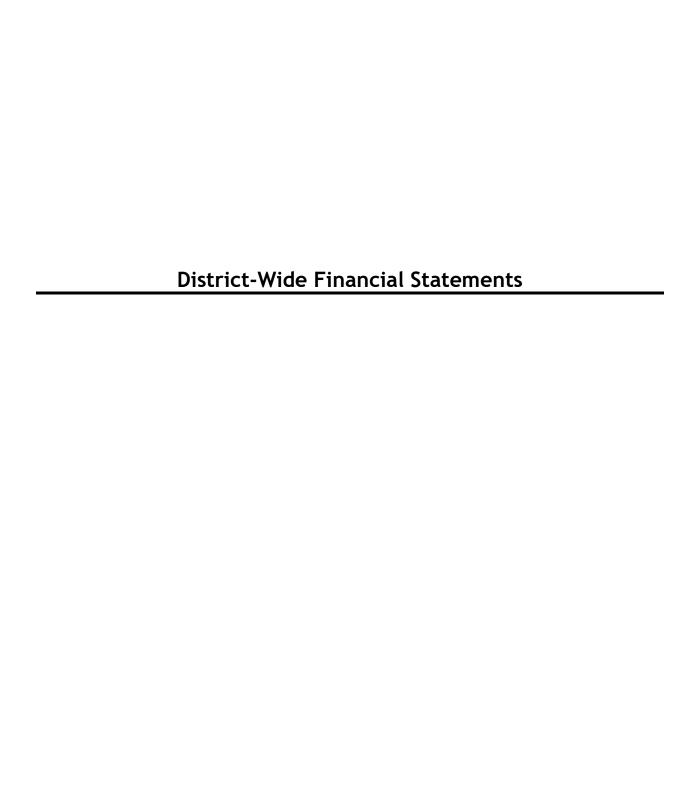

#### Factors Bearing on the District's Future

The District considered many factors in preparing the 2023-24 fiscal year budget. Approximately 64% of the General Fund revenues are from the foundation allowance, including property taxes. The state foundation allowance is determined by multiplying the blended student count by the foundation allowance per pupil. The student count estimate is one of the most important factors impacting the budget. Enrollment has increased each year due to enhanced programming and schools of choice. A flat enrollment is anticipated for 2023-24.

The past few years are very different from previous years due to the expected increase in the foundation allowance per pupil and additional one-time grant funds from the Federal government. Management has strategically planned on how to properly budget and spend the anticipated funds.

## Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report, or need additional financial information, please contact the Director of Finance & Operations, Christine Marcy, Jenison Public Schools, 8375 20<sup>th</sup> Avenue, Jenison, Michigan 49428.

# Reconciliation of Fund Balance of Governmental Funds to Net Position on the Statement of Net Position

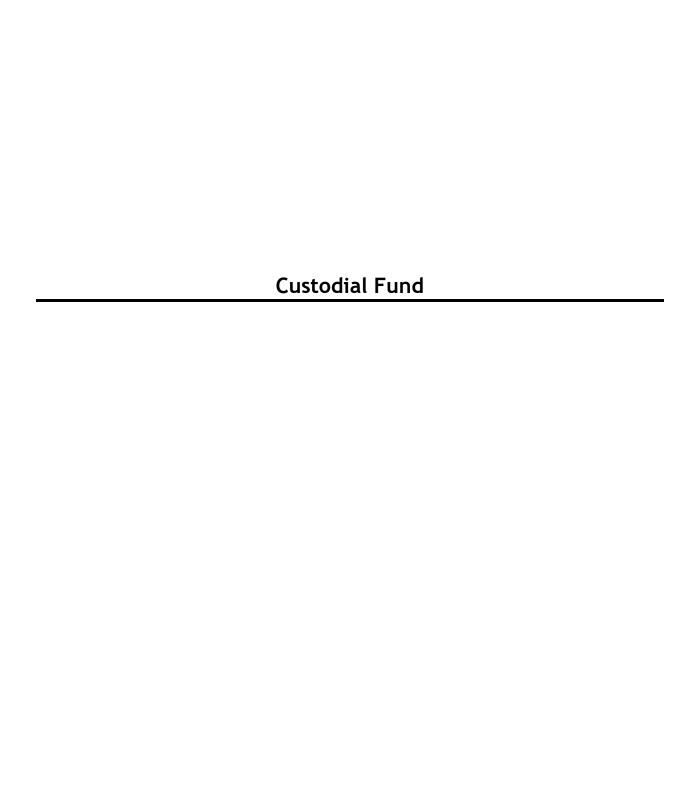

| June 30, 2023  |                             |
|--|-----------------------------|
| Total fund balances - total governmental funds (from page 18)  | \$ 41,591,849               |
| Amounts reported for governmental activities in the statement of net position are different because:   |                             |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. These assets consist of: |                             |
| Capital assets, at cost  | \$170,372,383               |
| Accumulated depreciation   | (66,818,627)                |
| Net Capital Assets   | 103,553,756                 |
| Deferred outflows are not available resources and, therefore,  |                             |
| not reported in the funds.   |                             |
| Deferred charge from refunding   | 872,997                     |
| Deferred outflows of resources - related to pensions   | 29,650,799                  |
| Deferred outflows of resources - related to OPEB   | 9,832,964                   |
| Deferred inflows are future resources yet to be recognized and, therefore  |                             |
| not reported in the funds.   | (4, (40, 224)               |
| Deferred inflows of resources - related to pensions  Deferred inflows of resources - related to OPEB   | (1,610,221)<br>(14,933,857) |
| Total Deferred Inflows and Outflows of Resources   | 23,812,682                  |
|  | 23,012,002                  |
| Long-term liabilities are not due and payable in the current period and,   |                             |
| therefore, are not reported in the funds. Balances are as follows:   | (04 755 000)                |
| Bonds payable  | (86,755,000)                |
| Early retirement incentive payable   | (1,059,740)                 |
| Compensated absences   | (553,083)                   |
| Bond premium, net  | (16,538,303)                |
| Subscription-based information technology arrangements   | (412,935)                   |
| Accrued interest on bonds and notes  Net pension liability   | (693,197)<br>(127,823,304)  |
| Net OPEB liability   | (7,272,522)                 |
| Total Long-Term Liabilities  | (241,108,084)               |
| Net Position of Governmental Activities  | \$ (72,149,797)             |

### **Notes to Financial Statements**

# 1. Summary of Significant Accounting Policies

The basic financial statements of Jenison Public Schools (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's significant accounting policies are described below.

#### Reporting Entity

The District is an independent entity with an elected Board of Education. The Board of Education consists of seven members elected to six-year terms. The Board of Education has responsibility and control over all matters affecting the District, including the authority to levy taxes and determine its budget, the power to designate management and primary accountability for fiscal matters. The basic financial statements of the District contain all funds and account groups for which the District is financially accountable.

### **Basis of Presentation**

District-wide financial statements: The statement of net position and the statement of activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. The District-wide financial statements categorize activities as either governmental or business-type. All of the District's activities are classified as governmental.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to recipients who purchase, use or directly benefit from goods, services or privileges provided by a given function, and (2) grants and contributions that are restricted to meeting the operation or capital requirements of a particular function. Property taxes, state aid foundation and certain other items are reported as general revenues.

Fund Financial Statements - The fund financial statements provide information about the District's funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the District-wide financial statements. Major individual governmental funds are reported in separate columns in the fund financial statements.

### Governmental Funds

Governmental funds are used to account for the District's general activity. The focus is on determination of the financial position and changes in financial position. The following is a description of the governmental funds of the District:

General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. It is considered a major fund. The main funding sources are property taxes and state and federal grants.

#### **Notes to Financial Statements**

Special Revenue Funds are used to account for and report proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The District operates two special revenue funds: Food Service and Student Activity. Food service revenues are derived from food sales and state and federal grants. Student activity revenues are derived from fundraising activities and student fees.

Debt Retirement Funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for principal and interest. Revenues are derived from property taxes and investment income.

Capital Projects Funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital projects. The 2020 Capital Projects Fund is considered a major fund.

#### Fiduciary Fund

The Student Activities Custodial Fund is used to account for assets held by the District in a trustee capacity for individuals or school-related organizations. The Custodial Fund is custodial in nature and does not involve measurement of results of operations.

## Measurement Focus and Basis of Accounting

Measurement focus refers to what is being measured, and basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

District-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available if they are collected within the current period or soon enough after to pay liabilities for the current period. The District considers most revenues available if collected within 60 days after year-end, including property taxes, state aid and interest; a 90-day window is used for entitlement funds and grants, which aligns with the grant year end and related grant reporting as determined at the state or federal level.

When both restricted and unrestricted resources are available, it is the District's policy to use restricted resources first.

Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences and claims and

#### **Notes to Financial Statements**

judgments are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds.

#### State Foundation Revenue

The State of Michigan provides funds through a foundation grant approach, which provides for a specific annual amount of revenue per student based on a statewide formula. The foundation is funded from state and local sources. Revenues from state sources are governed primarily by the School Aid Act and the School Code of Michigan. For the year ended June 30, 2023, the foundation allowance was based on the blended average pupil membership counts taken in February 2022 and October 2022.

The state portion of the foundation is provided primarily by a state education property tax millage of six mills and an allocated portion of state sales and other taxes. The local portion of the foundation is funded primarily by non-homestead property taxes, which may be levied at a rate of up to 18 mills.

#### State Categorical Revenue

The District also receives revenue from the state to administer certain categorical education programs. State rules require that revenue earmarked for these programs be expended for its specific purpose. Categorical funds received which are not expended by the close of the fiscal year are recorded as unearned revenue.

#### Federal Revenue

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

#### Investments

Investments are carried at fair value except for commercial paper, banker's acceptances, and U.S. Treasury and agency obligations with a remaining maturity at the time of purchase of one year or less are shown at amortized cost. Investments in external investment pools are stated at NAV.

#### **Inventories**

Inventories are stated at cost except USDA donated commodities, which are recorded at acquisition value. Inventories consist primarily of food, cafeteria supplies, and teaching and maintenance supplies, and are reported as assets until consumed, at which time an expenditure is recorded.

#### Capital Assets

Capital assets, which include property, buildings and equipment, are reported in the District-wide financial statements. Assets having a useful life in excess of one year and whose costs exceed \$5,000 are capitalized. Capital assets are stated at historical cost or estimated historical cost where actual cost information is not available. Donated capital assets are stated at acquisition value at the date of donation. Acquisition value is the price that would be paid to acquire an asset with equivalent service potential on the date of the donation.

#### **Notes to Financial Statements**

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' useful lives are not capitalized. Major outlays for capital assets are capitalized as projects are constructed.

Depreciation is provided for on the straight-line basis over the estimated useful lives of the assets as follows:

| Asset Category   | Useful Life<br>(Years) |
|--|------------------------|
| Buildings and improvements                             | 20-50                  |
| Furniture, fixtures, and equipment                     | 5-25                   |
| Transportation equipment                               | 8                      |
| Software   | 10                     |
| Subscription-based information technology arrangements | 3-8                    |

## Subscription-Based Information Technology Arrangements

The District is party to multiple subscription-based information technology arrangements (SBITAs). The District recognizes a subscription liability and an intangible right-to-use subscription asset (subscription asset) in the government-wide financial statements. The governmental funds report SBITA current expenditures in the fund level statement of revenues, expenditures and changes in fund balance. The District recognizes subscription liabilities with an initial term greater than twelve months and an individual value of \$5,000 or more. Remaining subscription terms range from 3 to 8 years with fixed payments due either monthly, quarterly, or annually. For SBITAs with a maximum possible term of 12 months or less at commencement, the District recognizes expenses/expenditures based on the provisions of the arrangement.

At the commencement of a SBITA, the District initially measures the subscription liability at the present value of expected subscription payments to be made over the SBITA term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial measurement of the subscription liability, adjusted for payments associated with the SBITA contract made to the vendor at the commencement of the subscription term, plus any capitalizable initial implementation costs, less any vendor incentives received at the commencement of the subscription term. Subsequently, the subscription asset is amortized on a straight-line basis over the shorter of the useful life of the IT asset or subscription term.

Key estimates and judgments related to SBITAs include how the District determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) the subscription term, and (3) subscription payments.

The District uses the interest rate charged by the vendor as the discount rate. When the interest rate charged by the vendor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate. The subscription term includes the noncancellable period during which the District has a noncancellable right to use the underlying IT assets. The subscription term also includes periods covered by an option to extend if reasonably certain the District or vendor will exercise that option or to terminate if it is reasonably certain that the District or vendor will not exercise that option. Subscription payments included in the measurement of the subscription liability are composed of fixed payments.

#### **Notes to Financial Statements**

The District monitors changes in circumstances that would require a remeasurement of a SBITA and will remeasure the subscription asset and subscription liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

Subscription assets are reported with other capital assets and subscription liabilities are reported with long-term obligations on the statement of net position.

The District capitalizes qualifying initial implementation costs of \$5,000 or more as part of the subscription asset. Preliminary project stage outlays are expensed as included. Operation and additional implementation stage activities are expensed as incurred unless they meet specific capitalization criteria.

## **Defined Benefit Plan**

For purposes of measuring the net pension liabilities and other post-employment benefits (OPEB), deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the fiduciary net position of the Michigan Public School Employees Retirement System (MPSERS) and additions to/deductions from MPSERS fiduciary net position have been determined on the same basis as they are reported by MPSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **Deferred Outflows/Inflows of Resources**

#### **Deferred Outflows**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has three items that qualify for reporting in this category. They are the deferred interest on refunding and pension and OPEB related items reported in the government-wide statement of net position. A deferred interest on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows are also recognized for pension and OPEB related items. These amounts are expensed in the plan years in which they apply.

# **Deferred Inflows**

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category. They are pension-related items and other postemployment benefit related items reported in the government-wide statement of net position. The pension and other postemployment benefits (OPEB) related items represent future resources arising from differences in the estimates used by the actuary to calculate the pension liability and OPEB liability and the actual results.

#### **Notes to Financial Statements**

#### **Compensated Absences**

District employees are granted vacation and sick leave in varying amounts based on length of service. Sick leave is accumulated at different rates for various categories of employees. Unused sick leave accumulates from year to year to a maximum, which varies for different categories of employees. Eligible bus drivers receive half their accumulated sick time upon retirement. Unused sick leave is not paid to any other employees upon termination. Vacation days are paid to employees for unused days up to twice their yearly allowance at the time of severance from employment. In the fund financial statements, only the matured liability for compensated absences is reported. The total liability for compensated absences is reported in the District-wide financial statements.

## **Long-Term Obligations**

In the District-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Premiums and discounts on bonds issued are deferred and amortized over the life of the related bonds. Bond issue costs are expensed.

In the fund financial statements, the face amount of debt is reported as other financing sources. Bond premiums and discounts, as well as issuance costs, are recognized during the current period. Premiums and discounts are reported as other financing sources (uses); issuance costs are reported as expenditures.

#### **Net Position**

Net position represents the difference between assets plus deferred outflows and liabilities plus deferred inflows on the District-wide financial statements. Net position invested in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition or construction of those assets. Net position is reported as restricted when there are limitations imposed on its use either through legislation or through external restrictions imposed by creditors, grantors, laws or regulations from other governments.

#### Fund Balance

Fund balance represents the difference between assets and liabilities in the governmental fund financial statements. The District's fund balance is classified in the following categories:

Nonspendable Fund Balance - This represents amounts that cannot be spent due to legal requirements or because it is not in spendable form. The District reports nonspendable fund balance for inventories and prepaid expenditures.

Restricted Fund Balance - This represents amounts restricted for specific purposes imposed by grantors, bondholders, constitutional provisions or enabling legislation. The District reports restricted fund balance in the Food Service Fund, Debt Retirement Funds, and 2020 Capital Projects Fund.

Committed Fund Balance - This represents amounts constrained on use to student activities. The Board of Education has the authority to commit, modify, or rescind fund balance commitments through formal board resolution.

Assigned Fund Balance - This is intended to be used for specific purposes but doesn't meet the criteria for restricted or committed fund balance. The District reports assigned fund balance in the

#### **Notes to Financial Statements**

General Capital Projects Fund and also in the General Fund to report specific projects. The Board of Education has delegated the authority to the Director of Finance and Operations to assign amounts to be used for specific purposes.

Unassigned Fund Balance - This is the residual fund balance of the General Fund.

The District typically uses restricted fund balance first, then committed, assigned and unassigned fund balances.

#### **Property Taxes**

Properties are assessed as of December 31 and are levied and become a lien on July 1. These taxes are due on September 14, with the final collection date of February 28 before they are added to the county delinquent tax rolls.

#### Interfund Activity

During the course of its operations, the District has certain transactions between funds. Outstanding balances between funds at year-end are reported as due from/to other funds. Balances typically are liquidated in the subsequent year.

## Use of Estimates

The preparation of financial statements requires estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### **New Accounting Pronouncements**

The District adopted GASB Statement Number 96, Subscription-Based Information Technology Arrangements, on July 1, 2022. Adoption of this standard did not have a material impact on net position as of July 1, 2022 and therefore no changes have been made to beginning net position as previously reported.

#### **Subsequent Events**

Management has evaluated subsequent events through October 20, 2023, the date the financial statements were available to be issued. Based on that evaluation, there were no matters identified that had a significant impact on the financial statements as presented.

#### 2. Cash and Investments

#### **Deposits**

State statutes require that certificates of deposit, savings accounts, deposit accounts and depository receipts are made with banks doing and having a place of business in the State of Michigan that are also members of a federal or national insurance corporation.

## Custodial Credit Risk Related to Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits might not be recovered. The District minimizes custodial credit risk by pre-qualifying financial institutions. At

#### **Notes to Financial Statements**

June 30, 2023, approximately \$1,455,000 of the District's bank balances of \$1,705,000 was uninsured and uncollateralized.

The Federal Deposit Insurance Corporation (FDIC) general deposit insurance rules provide \$250,000 of insurance per depositor, per insured bank.

A reconciliation of deposits to cash and investments as shown on the fund and the District-wide financial statements is as follows:

#### June 30, 2023

| Carrying amount of cash and investments Cash on hand Less: cash of Fiduciary Funds | \$<br>38,114,526<br>6,045<br>(32,889) |
|--|---------------------------------------|
|  | \$<br>38,087,682                      |

#### Investments

At June 30, 2023, the District had the following investments:

| Investment    | Maturities | in   | Years   |
|---------------|------------|------|---------|
| IIIVESCITETIC | maturities | 1111 | i Cai s |

| Investment Type          | Less Than 1   | 1-5             | 6-10    | 10+        | Total      |
|--------------------------|---------------|-----------------|---------|------------|------------|
| Michigan Liquid Asset    |               |                 |         |            |            |
| Fund (MILAF)             | \$ 20,773,992 | \$<br>-         | \$<br>- | \$<br>- \$ | 20,773,992 |
| U.S. Treasuries          | 14,913,481    | 267,007         | -       | -          | 15,180,488 |
| U.S. Government Agencies | -             | 752,380         | -       | -          | 752,380    |
| Supra-National Agencies  | 595,720       | -               | -       | -          | 595,720    |
|                          | \$ 36,283,193 | \$<br>1,019,387 | \$<br>- | \$<br>- \$ | 37,302,580 |

#### Interest Rate Risk

The District does not have an investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, the investment policy states the District may assess and control such risks using the following methods: segmented time distribution, specific identification, weighted average maturity, duration and simulation model.

#### Custodial Credit Risk Related to Investments

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments that are in the possession of an outside party. The District minimizes custodial credit risk by limiting investments and pre-qualifying financial institutions.

#### Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit ratings are established by Standard & Poor's.

#### **Notes to Financial Statements**

At June 30, 2023, the District had the following investments:

| Investment Type                    | Fair Value       | Standard & Poor's Ratings |
|------------------------------------|------------------|---------------------------|
| Michigan Liquid Asset Fund (MILAF) | \$<br>20,773,992 | AAAm                      |
| U.S. Treasuries                    | 15,180,488       | AA+                       |
| U.S. Government Agencies           | 752,380          | AA+                       |
| Supra-National Agencies            | 595,720          | AAA                       |

State statutes authorize the District to invest in obligations and certain repurchase agreements of the U.S. Treasury and related governmental agencies, commercial paper rated prime at the time of purchase and maturing not more than 270 days from the date of purchase, bankers' acceptance and certificates of deposit issued or created by a state or national bank insured with the applicable federal agency, and investment pools authorized by the Surplus Funds Investment Pool Act. The District follows state statutes and has no investment policy that would further limit its investment choices.

#### Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. Although the District places no limit on the amount that may be invested in any one issuer, the District minimizes concentration of credit risk by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimal. The District had no investments that exceeded 5%.

#### Fair Value Measurement

The District is required to disclose amounts within a framework established for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 - This level consists of quoted prices in active markets for identical securities.

Level 2 - This level consists of prices determined using other significant observable inputs. Observable inputs are inputs that other market participants may use in pricing a security. These may include prices for similar securities, interest rates, prepayment speeds, credit risk and others.

Level 3 - This level consists of prices determined using significant unobservable inputs. In situations where quoted prices or observable inputs are unavailable or deemed less relevant, unobservable inputs may be used. Unobservable inputs reflect the District's own assumptions about the factors market participants would use in pricing an investment and would be based on the best information available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

#### **Notes to Financial Statements**

The following tables set forth by level within the fair value hierarchy the investment assets and investment liabilities at fair value, as of June 30, 2023. There have been no significant transfers into or out of Levels 1, 2 or 3.

June 30, 2023

| _  | Fair Value Measurements |    |                         |    |          |                                     |  |

Investments Measured at the Net Asset Value (NAV)

The District holds shares or interests in the Michigan Liquid Asset Fund Plus Portfolio where the fair value of the investments is measured on a recurring basis using net asset value per share (or its equivalent) of the investment companies as a practical expedient.

The Michigan Liquid Asset Fund Plus invests its assets in instruments authorized by the School Code of the state of Michigan and Michigan Public Act 20, which governs the investment of public funds. These instruments include but are not limited to U.S. treasury securities, U.S. government agency securities, money-market mutual funds registered under the Investment Company Act of 1940, repurchase agreements, and short-term obligations of corporations organized in the U.S., such as commercial paper and bank debt obligations. In order to minimize fluctuations in the pool's net asset value (NAV) and to provide liquidity to its participants, the weighted average maturity to reset (WAM(R)) of the portfolio is managed at 60 days or less.

At June 30, 2023, the fair value, unfunded commitments, and redemption rules of those investments are as follows:

|                 |                  |             | Redemption      |               |
|-----------------|------------------|-------------|-----------------|---------------|
|                 |                  | Unfunded    | Frequency,      | Redemption    |
| Investment Type | Fair Value       | Commitments | if Eligible     | Notice Period |
| MILAF+          | \$<br>20,773,992 | \$<br>-     | No restrictions | None          |

## 3. Interfund Activity

Interfund receivable and payable balances at June 30, 2023, are as follows:

| Fund  | Interfund<br>Receivable |             |    | Interfund<br>Payable |
|---|-------------------------|-------------|----|----------------------|
| General Fund<br>Nonmajor Governmental Funds | \$                      | -<br>22,462 | \$ | 22,462               |
|   | \$                      | 22,462      | \$ | 22,462               |

# **Notes to Financial Statements**

The Food Service Fund transferred \$91,658 to the General Fund for indirect costs. The General Fund transferred \$750,000 to the General Capital Projects Fund for future projects.

# 4. Due from/to Other Governmental Units

Due from other governmental units at June 30, 2023, consists of the following:

| Fund  | State                      | Federal                    | Total                       |
|---|----------------------------|----------------------------|-----------------------------|
| General Fund<br>Nonmajor Governmental Funds | \$<br>11,802,153<br>40,712 | \$<br>2,473,343<br>103,278 | \$<br>14,275,496<br>143,990 |
|   | \$<br>11,842,865           | \$<br>2,576,621            | \$<br>14,419,486            |

Due to other governmental units at June 30, 2023, consists of the following:

| Fund         | State           | Federal     | Total           |
|--------------|-----------------|-------------|-----------------|
| General Fund | \$<br>1,711,931 | \$<br>1,354 | \$<br>1,713,285 |

All balances are expected to be collected or paid within one year.

The remainder of this page intentionally left blank.

| technology                     |                          |               |                 |              |                           |
| arrangements                   | -                        | 210,644       | -               | -            | 210,644                   |
|                                |                          | ,             |                 |              |                           |
| Total Accumulated Depreciation | 64,479,730               | 2,630,123     | 291,226         |              | 66 910 627                |
| рергестатіон                   | 04,4/7,/30               |               | •               | -            | 66,818,627                |
| Net Capital Assets             | \$ 82,055,677            | \$ 21,509,362 | \$<br>11,283    | \$ -         | \$103,553,756             |

Depreciation and amortization expense for the year ended June 30, 2023, was \$2,630,123. The District determined that it was impractical to allocate depreciation and amortization expense to various governmental activities, as the assets serve multiple functions.

#### **Notes to Financial Statements**

## 6. Long-Term Obligations

The following is a summary of changes in long-term obligations for the District for the year ended June 30, 2023:

|   | Balance,<br>July 1, 2022 | Additions       | Deductions      | Ju | Balance,<br>ne 30, 2023 | Due Within<br>One Year |
|---|--------------------------|-----------------|-----------------|----|-------------------------|------------------------|
| Bonds payable                             | \$ 91,825,000            | \$<br>-         | \$<br>5,070,000 | \$ | 86,755,000              | \$<br>5,780,000        |
| Premium on bonds                          | 17,413,396               | -               | 875,093         |    | 16,538,303              | -                      |
| Subscription-based information technology |                          |                 |                 |    |                         |                        |
| arrangements                              | -                        | 626,929         | 213,994         |    | 412,935                 | 216,181                |
| Retirement incentive                      | 1,110,930                | 403,728         | 454,918         |    | 1,059,740               | 399,512                |
| Compensated absences                      | 531,238                  | 27,561          | 5,716           |    | 553,083                 | 18,681                 |
|   | \$ 110,880,564           | \$<br>1,058,218 | \$<br>6,619,721 | \$ | 105,319,061             | \$<br>6,414,374        |

Early retirement incentives and compensated absences are normally liquidated by the General Fund and Food Service Fund.

Bonds payable are comprised of the following individual issues:

#### June 30, 2023

| 2020 general improvement bonds due in semiannual installments of \$470,000 to \$2,510,000 through May 2045; interest at 3.00% to 5.00%.  | \$<br>48,355,000 |
|--|------------------|
| 2018 energy conservation improvement bonds due in annual installments of \$195,000 to \$220,000 through May 2028; interest at 3.00%.     | 1,030,000        |
| 2017 refunding bonds due in annual installments of \$1,255,000 to \$1,265,000 through May 2031; interest at 4.00% to 5.00%.              | 10,005,000       |
| 2016 general improvement and refunding bonds due in annual installments of \$965,000 to \$2,350,000 through May 2041; interest at 5.00%. | 22,895,000       |
| 2011 Series A serial general improvement bonds due in annual installments of \$1,490,000 through May 2026; interest at 6.15% to 6.25%.   | 4,470,000        |
|  | \$<br>86,755,000 |

The 2011 School Building and Site Bonds, Series A are designated as "Qualified School Construction Bonds" (QSCBs) under Section 54F of the Internal Revenue Code of 1986. Under IRS Section 54A, the District has elected to receive a direct credit (interest rate subsidy) from the U.S. Department of Treasury for a portion of the payment of interest on the bonds.

The remainder of this page intentionally left blank.

#### Notes to Financial Statements

#### **Debt Service Requirements**

The annual requirements to service the bonds to maturity, including both principal and interest, are as follows:

Year ending June 30,

|           |    | Principal  |    | Interest   |    | Total       |
|-----------|----|------------|----|------------|----|-------------|
| 2024      | \$ | 5,780,000  | \$ | 4,151,686  | \$ | 9,931,686   |
| 2025      | ·  | 5,875,000  | •  | 3,867,600  | •  | 9,742,600   |
| 2026      |    | 5,755,000  |    | 3,580,126  |    | 9,335,126   |
| 2027      |    | 6,215,000  |    | 3,271,950  |    | 9,486,950   |
| 2028      |    | 4,360,000  |    | 2,989,500  |    | 7,349,500   |
| 2029-2033 |    | 20,930,000 |    | 11,893,950 |    | 32,823,950  |
| 2034-2038 |    | 17,375,000 |    | 7,271,000  |    | 24,646,000  |
| 2039-2043 |    | 15,445,000 |    | 3,221,400  |    | 18,666,400  |
| 2044-2045 |    | 5,020,000  |    | 376,500    |    | 5,396,500   |
|           | \$ | 86,755,000 | \$ | 40,623,712 | \$ | 127,378,712 |

The future principal and interest SBITA payments as of June 30, 2023 are as follows:

| Fiscal year |    | Principal  | Interest |    | Total   |
|-------------|----|------------|----------|----|---------|
| 2024        | \$ | 216,181 \$ | 12,450   | \$ | 228,631 |
| 2025        | •  | 120,756    | 5,745    | '  | 126,501 |
| 2026        |    | 35,151     | 1,870    |    | 37,021  |
| 2027        |    | 19,838     | 988      |    | 20,826  |
| 2028        |    | 20,763     | 65       |    | 20,828  |
| 2039-2043   |    | 246        | -        |    | 246     |
|             | \$ | 412,935 \$ | 21,118   | \$ | 434,053 |

#### Early Retirement Incentive

The District offers some employees an early retirement incentive program as part of their contractual agreement. 30 employees participate in the early retirement program. The program provides up to 72% of each employee's annual salary at the time of retirement, payable over five years. At June 30, 2023, the District's liability for the early retirement program was \$1,185,887. The total present value of the future payments, using a discount rate of 5.14%, is \$1,059,740.

## 7. Defined Benefit Plan and Other Post-Retirement Benefits (OPEB)

#### Plan Description

MPSERS is a cost-sharing, multiple-employer, state-wide, defined benefit pension and OPEB public employee retirement plan governed by the State of Michigan originally created under Public Act 136 of 1945, re-codified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this Act establishes the Board of Education's authority to promulgate or amend the provisions of the System. MPSERS issues a publicly available Annual Comprehensive Financial Report that can be obtained at <a href="http://www.michigan.gov/orsschools/0,4653,7-206-36585---,00.html">http://www.michigan.gov/orsschools/0,4653,7-206-36585---,00.html</a>.

#### **Notes to Financial Statements**

#### **Benefits Provided**

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Retirement benefits for DB plan members are determined by final average compensation and years of service. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. MPSERS also provides disability and survivor benefits to DB plan members.

#### Pension Reform 2010

On May 9, 2010, the governor signed Public Act 75 of 2010 into law. As a result, any member of MPSERS who became a member after June 30, 2010 is a Pension Plus member. The Pension Plus plan pairs a guaranteed retirement income (defined benefit) with a flexible and transferable retirement savings (defined contribution) account.

#### Pension Reform 2012

On September 4, 2012, the governor signed Public Act 300 of 2012 into law. As a result, members of MPSERS who first worked before July 1, 2010 and earned service credit in the 12 months ended September 3, 2012 can voluntarily choose to increase, maintain or stop their contributions to the pension fund by electing from four plan options. Members who first work on or after September 4, 2012 are able to elect the Pension Plus plan or a defined contribution plan.

#### Pension Reform 2017

On July 13, 2017, the governor signed Public Act 92 of 2017 into law. The legislation closed the current hybrid plan (Pension Plus) to newly hired employees as of February 1, 2018 and created a new optional revised hybrid plan with similar plan benefit calculations but containing a 50/50 cost share between the employee and the employer, including the cost of future unfunded liabilities. The assumed rate of return on the new hybrid plan is 6%. Further, the law provides that, under certain conditions, the new hybrid plan would close to new employees if the actuarial funded ratio falls below 85% for two consecutive years. The law includes other provisions to the retirement eligibility age, plan assumptions, and unfunded liability payment methods.

#### Regular Retirement (no reduction factor for age)

Eligibility - Age 55 with 30 years credited service; or age 60 with ten years credited service. For Member Investment Plan (MIP) members of any age with 30 years credited service, or age 60 with ten years credited service, or age 60 with five years of credited service, provided the member worked through his/her 60<sup>th</sup> birthday and has credited service in each of the last five years. For Pension Plus (PPP) members, age 60 with ten years of credited service.

Annual Amount - Total credited service as of the transition date times 1.5% of final average compensation.

#### **Notes to Financial Statements**

#### **Pension Plus**

An amount determined by the member's election of Option 1, 2, 3, or 4 described below:

Option 1 - Credited service after the transition date times 1.5% times final average compensation (FAC).

Option 2 - Credited service after the transition date (until total service reaches 30 years) times 1.5% times FAC, plus credited service after the transition date and over 30 years times 1.25% times FAC.

Option 3 - Credited service after the transition date times 1.25% times FAC.

Option 4 - None (member will receive benefit through a defined contribution plan). FAC - Average of highest 60 consecutive months (36 months for MIP members). FAC is calculated as of the last day worked unless the member elected Option 4, in which case the FAC is calculated at the transition date.

#### Member Contributions

Depending on the plan selected, member contributions range from 0% to 7% for pension and 0% to 3% for other post-employment benefits. Plan members electing the defined contribution plan are not required to make additional contributions.

#### **Employer Contributions**

Employer contributions to MPSERS are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis.

The District's contributions to MPSERS for the year ending June 30, 2023 were \$16,118,006. Of the total pension contributions approximately \$971,000 was contributed to fund the defined contribution plan.

During the year ended June 30, 2023, the District recorded \$5,944,111 of employer contributions for the MPSERS unfunded liabilities obligations in excess of the statutory cap. Funds were received from the State of Michigan through state aid payments to offset the employer contribution.

#### Pension

#### Pension Liabilities

At June 30, 2023, the District reported a liability of \$127,823,304 for its proportionate share of the net pension liability. The net pension liability was measured as of September 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation date of September 30, 2021 and rolled forward using generally accepted actuarial procedures. The District's proportion of the net pension liability was based on a projection of its long-term share of contributions to the pension plan relative to the projected contributions of all participating reporting

#### **Notes to Financial Statements**

units, actuarially determined. At September 30, 2022, the District's proportion was 0.33988%, which is a 0.00505% decrease from the prior year.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2023, the District recognized pension expense of approximately \$14,810,000. The District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

June 30, 2023

|   | Defe | erred Outflows<br>of Resources | De | eferred Inflows<br>of Resources |
|---|------|--------------------------------|----|---------------------------------|
| Changes in assumptions  | \$   | 21,964,624                     | \$ | -                               |
| Differences between expected and actual experience              |      | 1,278,679                      |    | (285,799)                       |
| Net difference between projected and actual earnings on pension |      |                                |    |                                 |
| plan investments  |      | 299,746                        |    | -                               |
| Changes in proportion and differences between District          |      |                                |    |                                 |
| contributions and proportionate share of contributions          |      | 909,392                        |    | (1,324,422)                     |
| District contributions subsequent to the measurement date       |      | 5,198,358                      |    | -                               |
| Total   | \$   | 29,650,799                     | \$ | (1,610,221)                     |

Deferred outflows of resources resulting from District employer contributions of \$5,198,358 made subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2024.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Voor | ending | lung | 30  |
|------|--------|------|-----|
| rear | ename  | June | SU. |

| 2024 | \$<br>6,900,077 |
|------|-----------------|
| 2025 | 4,778,753       |
| 2026 | 3,956,079       |
| 2027 | 7,207,311       |

#### Other Post-Employment Benefits

#### Introduction

Benefit provisions of the post-employment healthcare plan are established by state statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions. Retirees have the option of health coverage. Beginning fiscal year 2013, it is funded on a pre-funded basis. MPSERS has contracted to provide the comprehensive group medical, hearing, dental and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by MPSERS with the balance deducted from the monthly pension of each retiree health care recipient. For members who first worked before July 1, 2008, (Basic, MIP-Fixed, and MIP-Graded plan members), the subsidy is the maximum allowed by statute. To limit future liabilities of other post-employment benefits, members who first worked on or after July 1, 2008, (MIP-Plus plan members), have a graded premium subsidy based on career length where they accrue credit toward their insurance premiums in retirement, not to exceed the maximum allowable by statute. Public Act 300 of 2012

#### **Notes to Financial Statements**

sets the maximum subsidy at 80% beginning January 1, 2013; 90% for those Medicare eligible and enrolled in the insurances as of that date.

Public Act 75 of 2010 requires each actively employed member of MPSERS after June 30, 2010 to annually contribute 3% of their compensation to offset employer contributions for health care benefits of current retirees.

#### Retiree Healthcare Reform of 2012

Public Act 300 of 2012 granted all active members of MPSERS who earned service credit in the 12 months ended September 3, 2012 or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their retirement healthcare. Any changes to a member's healthcare benefit are effective as of the member's transition date, which is defined as the first day of the pay period that began on or after December 1, 2012.

Under Public Act 300 of 2012, members were given the choice between continuing the 3% contribution to retiree healthcare and keeping the premium subsidy benefit described above, or choosing not to pay the 3% contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2% employee contribution into their 457 account as of their transition date, earning them a 2% employer match into a 401(k) account. Members who selected this option stop paying the 3% contribution to retiree healthcare as of the day before their transition date, and their prior contributions will be deposited into their 401(k) accounts.

#### Regular Retirement (no reduction factor for age)

Eligibility - Age 55 with 30 years credited service; or age 60 with ten years credited service. For Member Investment Plan (MIP) members, age 46 with 30 years credited service, or age 60 with ten years credited service, or age 60 with five years of credited service, provided the member worked through his/her 60th birthday and has credited service in each of the last five years. For Pension Plus (PPP) members, age 60 with ten years of credited service.

Annual Amount - The annual healthcare benefits is paid monthly for the lifetime of a retiree. The calculation of a member's healthcare benefits is determined by their pension election under PA 300 of 2012.

#### Member Contributions

Depending on the plan selected, member contributions range from 0% to 7% for pension and 0% to 3% for other post-employment benefits. Plan members electing the defined contribution plan are not required to make additional contributions.

#### **Employer Contributions**

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of members and retiree OPEB. Contribution provisions are specified by state statute and may be amended only by action of the state legislature.

#### **Notes to Financial Statements**

Employer contributions to the system are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis.

The District's OPEB contributions for the year ended June 30, 2023 were equal to the statutorily required contribution amount of approximately \$4,870,000.

#### **OPEB Liabilities**

At June 30, 2023, the District reported a liability of \$7,272,522 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of September 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation date of September 30, 2021 and rolled forward using generally accepted actuarial procedures. The District's proportion of the net OPEB liability was based on a projection of its long-term share of contributions to the OPEB plan relative to the projected contributions of all participating districts, actuarially determined. At September 30, 2022, the District's proportion was 0.34336%, which is a 0.44308% decrease from the prior year.

OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2023, the District recognized OPEB expense of approximately \$(300,000). The District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

June 30, 2023

|  | Defe | rred Outflows<br>of Resources | De | eferred Inflows<br>of Resources |
|--|------|-------------------------------|----|---------------------------------|

\$2,303,331 reported as deferred outflows of resources related to OPEB resulting from District employer contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the subsequent fiscal year.

The remainder of this page intentionally left blank.

#### **Notes to Financial Statements**

Other amounts reported as deferred outflows of resources and (deferred inflows) of resources related to OPEB will be recognized in OPEB expense as follows:

| Year   | ending  | June  | 30. |
|--------|---------|-------|-----|
| , c a, | CHAILIS | Carre | ,   |

| 2024       | \$<br>(2,476,590) |

| Thereafter | (2,137)           |

## **Actuarial Assumptions**

*Investment Rate of Return for Pension* - 6.0% a year, compounded annually net of investment and administrative expenses.

*Investment Rate of Return for OPEB* - 6.0% a year, compounded annually net of investment and administrative expenses.

Salary Increases - 2.75% - 11.55%, including wage inflation at 2.75%.

Inflation - 2.75%

Mortality Assumptions - Retirees: RP-2014 Male and Female Healthy Annuitant Mortality Tables scaled by 82% for males and 78% for females and adjusted for mortality improvements using projection scale MP-2017 from 2006. Active: RP-2014 Male and Female Employee Mortality Tables scaled 100% and adjusted for mortality improvements using projection scale MP-2017 from 2006. Disabled Retirees: RP-2014 Male and Female Disabled Annuitant Mortality Tables scaled 100% and adjusted for mortality improvements using projection scale MP-2017 from 2006.

Experience Study - The annual actuarial valuation report of the system used for these statements is dated September 30, 2022. Assumption changes as a result of an experience study for the periods 2012 through 2017 have been adopted by the system for use in the annual pension valuations beginning with the September 30, 2018, valuation.

The Long-Term Expected Rate of Return on Pension Plan Investments - The rate was 6.0% net of investment and administrative expenses was determined using a method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Cost of Living Pension Adjustments - 3.0% annual non-compounded for MIP members.

Healthcare Cost Trend Rate for Other Postemployment Benefit - 7.75% for year one and graded to 3.5% for year 15 for pre-65 and 5.25% for year one and graded to 3.5% for year 15 for post-65.

#### **Notes to Financial Statements**

Additional Assumptions for Other Post-Employment Benefit Only - Applies to Individuals Hired Before September 4, 2012:

Opt-Out Assumption - 21% of eligible participants hired before July 1, 2008, and 30% of those hired after June 30, 2008, are assumed to opt out of the retiree health plan.

Survivor Coverage - 80% of male retirees and 67% of female retirees are assumed to have coverage continuing after the retiree's death.

Coverage Election at Retirement - 75% of male and 60% of female future retirees are assumed to elect coverage for one or more dependents.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Investment Category                  | Target<br>Allocation (%) | Long-Term Expected Real Rate of Return*(%) |
|--------------------------------------|--------------------------|--|
| Domestic equity pools                | 25.0                     | 5.1  |
| Private equity pools                 | 16.0                     | 8.7  |
| International equity pools           | 15.0                     | 6.7  |
| Fixed income pools                   | 13.0                     | (0.2)                                      |
| Real estate and infrastructure pools | 10.0                     | 5.3  |
| Absolute return pools                | 9.0                      | 2.7  |
| Real return/opportunistic pools      | 10.0                     | 5.8  |
| Short-term investment pools          | 2.0                      | (0.5)                                      |
| Total                                | 100.0                    |  |

<sup>\*</sup> Long-term rate of return does not include 2.2% inflation.

Pension Discount Rate - The discount rate used to measure the total pension liability was 6.0% (6.0% for Pension Plus 2 Plan), a 0.8% decrease from the prior fiscal year. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from school districts will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

OPEB Discount Rate - The discount rate of 6.0% was used to measure the total OPEB liability, a 0.95% decrease from the prior fiscal year. The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that school districts' contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

#### **Notes to Financial Statements**

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.0% (6.0% for Pension Plus 2 Plan), as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

|   | 1% Lower<br>(5.0%) | Discount Rate (6.0%) | 1% Higher<br>(7.0%) |
|---|--------------------|----------------------|---------------------|
| District's proportionate share of the net |                    |                      |                     |
| pension liability                         | \$<br>168,679,274  | \$<br>127,823,304    | \$<br>94,156,144    |

#### Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate of 6.0%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

|  | 1% Lower<br>(5.0%) | Di | iscount Rate<br>(6.0%) | 1% Higher<br>(7.0%) |
|--|--------------------|----|------------------------|---------------------|
| District's proportionate share of the net OPEB liability | \$<br>12,198,957   | \$ | 7,272,522              | \$<br>3,123,853     |

#### Sensitivity of the Net OPEB Liability to Healthcare Cost Trend Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the assumed healthcare trend rates, as well as what the District's proportionate share of the net OPEB Liability would be if it were calculated using a healthcare trend rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

|  |                 | Hea | Current<br>althcare Cost |               |
|--|-----------------|-----|--------------------------|---------------|
|  | 1% Lower        |     | Trend Rate               | 1% Higher     |
| District's proportionate share of the net OPEB liability | \$<br>3,045,385 | \$  | 7,272,522                | \$ 12,017,568 |

#### Pension and OPEB Plan Fiduciary Net Position

Detailed information about the pension and OPEB's fiduciary net position is available in the separately issued Michigan Public School Employees Retirement System Comprehensive Annual Financial Report.

#### Payable to the Pension and OPEB Plan

At year-end, the District was current on all required pension and other post-employment benefit plan payments. Amounts accrued at year-end for accounting purposes are separately stated in the financial statements as a liability titled accrued retirement. These amounts represent current

#### **Notes to Financial Statements**

payments for June paid in July, accruals for summer pay primarily for teachers, and the contributions due funded from state revenue section 147c restricted to fund the MPSERS Unfunded Actuarial Accrued Liability (UAAL) Stabilization Rate.

#### Other Information

The District's post-employment healthcare contributions to MPSERS for the year ended June 30, 2023 were approximately \$2,909,000.

## 8. Risk Management and Benefits

The District participates in a public entity risk (insurance) pool with other school districts in the SET-SEG Property/Casualty Pool, Inc. (a nonprofit corporation). This is a self-insurance fund which provides members with loss protection for property and casualty damages. The Pool was created on May 23, 1985 and organized under Public Act 138 of 1982, as amended as a governmental group property and casualty self-insurance pool. There have been no significant reductions in coverage and settlements have not exceeded insurance coverage during the past three years.

The District made a contribution of \$192,811 to the Pool for the year ended June 30, 2023. A member's contribution to the Pool in excess of its share of claim losses, expenses and other costs may be refunded as determined by the Board of Directors. The District received a refund of \$2,886 for the fiscal year ended June 30, 2023.

The Pool does not maintain separate funds for members, and consequently, the District's share of the total assets and total equity is unknown.

The District continues to carry commercial insurance for employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

## 9. Bond Compliance and Commitments

The Capital Projects Funds include activities funded by bonds that were issued after May 1, 1994. For these capital projects, the District has complied with the applicable provisions of Section 1351(a) of the Revised School Code. Beginning with the year of bond issuance, the District has reported the annual construction activity in the Capital Projects Funds as follows:

|      | 20  | 2022 |
|------|-----|------|
| uune | 30. | 2023 |

|            | Cumulative<br>Revenues | Cumulative<br>Expenditures<br>and Other<br>Financing Uses |
|------------|------------------------|---|
| 2020 Bonds | \$<br>(72,663)         | \$ 46,010,545   |

#### 10. Tax Abatements

The District receives reduced property tax revenues as a result of Industrial Facilities Tax exemptions granted by Georgetown Charter Township. Industrial facility exemptions are intended

## **Notes to Financial Statements**

to promote construction of new industrial facilities or to rehabilitate historical facilities. The property taxes abated for all funds by Georgetown Charter Township under these programs were approximately \$12,645 for the year ended June 30, 2023.

The taxes abated for the general fund operating millage is considered by the State of Michigan when determining the District's Section 22 funding of the State School Aid Act.

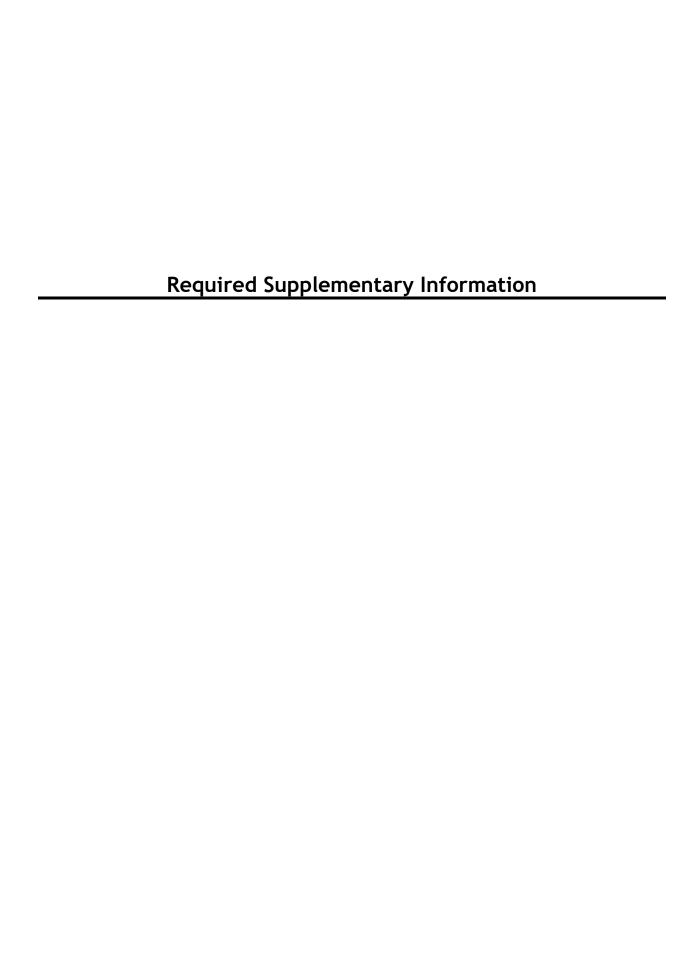

There are no significant abatements made by the District.

# 11. Net Investment in Capital Assets

The composition of the District's net investment in capital assets is as follows:

|     |    | 20 | _ ~ | 22  | - |
|-----|----|----|-----|-----|---|
| 111 | ne | 30 | . 2 | ()/ | ጘ |

Note: This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, the District presents information for those years for which information is available.

# **Notes to Required Supplementary Information**

#### 1. Budget

#### **Budgets and Budgetary Accounting**

The budgetary data reflected in the financial statements is established by the District using the procedures outlined below:

Prior to May, the various principals, directors and supervisors review operating budgets by program or building for the fiscal year commencing the following July 1 and submit them to the Director of Finance and Operations.

This information is used to develop a budget and resolution for the General Fund, Special Revenue Fund and Debt Retirement Funds. This includes proposed expenditures and the means of financing them and is compiled on the same basis of accounting used to reflect actual revenues and expenditures recognized on a generally accepted accounting principles basis.

In June, the budget resolution is subjected to a public hearing before the full Board of Education and is adopted after this hearing and before July 1, the first day of the budgeted fiscal year.

Various administrators are authorized to transfer budgeted amounts within their departmental budget; however, any revisions that alter the total expenditures of a fund, the legal level of budgetary control, must be approved by the Board of Education. The final budget reflects all revisions approved by the Board of Education during the year.

The budget is integrated with the accounting system of the District and is used as a management control device during the year.

#### 2. Pension Benefits

#### **Benefit Changes**

There were no changes of benefit terms for each of the reported plan years ended September 30.

#### Changes in Assumptions

There were no significant changes of assumptions for each of the reported plan years ended September 30, except for the following:

2023 - The discount rate used in the September 30, 2022 actuarial valuation decreased by 0.8% to 6.0% for all plan types.

2019 - The discount rate used in the September 30, 2018 Pension Plan actuarial valuation decreased by 0.70% (1.00% Pension Plus 2 Plan). Salary increases were reduced from 3.5% - 12.3%, including wage inflation at 2.75% to 2.75% - 11.55%, including wage inflation at 2.75%. Mortality Tables were updated to the following; Retirees: RP-2014 Male and Female Healthy Annuitant Mortality Tables scaled by 82% for males and 78% for females and adjusted for mortality improvements using projection scale MP-2017 from 2006. Active: RP-2014 Male and Female Employee Mortality Tables scaled 100% and adjusted for mortality improvements using projection scale MP-2017 from 2006. Disabled Retirees: RP-2014 Male and Female Disabled Annuitant Mortality Tables scaled 100% and adjusted for mortality improvements using projection scale MP-2017 from 2006.

## **Notes to Required Supplementary Information**

2018 - The discount rate used in the September 30, 2017 Pension Plan actuarial valuation decreased by 0.45%.

2017 - The discount rate used in the September 30, 2016 Pension Plan actuarial valuation decreased by 0.50%.

## 3. Other Post-Employment Benefits

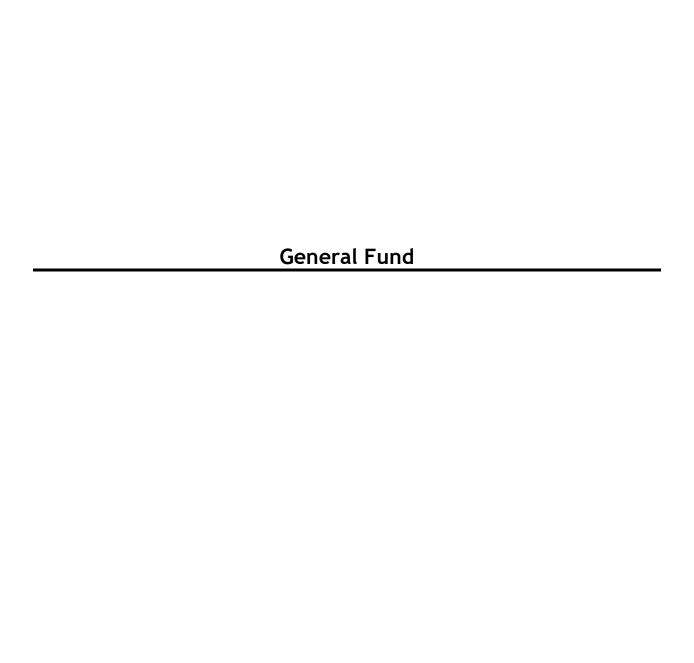

#### **Benefit Changes**

There were no changes of benefit terms for each of the reported plan years ended September 30.

#### Changes in Assumptions

There were no significant changes of assumptions for each of the reported plan years ended September 30, except for the following:

- 2023 The discount rate used in the September 30, 2022 actuarial valuation decreased by 0.95% to 6.0%.
- 2019 The discount rate used in the September 30, 2018 actuarial valuation decreased by 0.55%.
- 2018 The discount rate used in the September 30, 2017 actuarial valuation decreased by 0.35%.

**Date of Issue: 4/20/11** 

#### Purpose:

Erecting, furnishing and equipping a performing arts center on the high school/middle school campus; partially remodeling, furnishing and refurnishing, equipping and re-equipping school facilities, in part to expand a physical education classroom at the high school; acquiring, installing and equipping educational technology for school facilities; purchasing school buses; developing and improving sites.

#### Redemption Prior to Maturity:

The bonds or portions of bonds in multiples of \$5,000 due on or after May 1, 2022 are subject to redemption prior to maturity at the option of the District, in such order as the District may determine and by lot within any maturity, on any date occurring on or after May 1, 2021, at par and accrued interest to the date fixed for redemption.

Date of Issue: 6/1/16

#### Purpose:

A portion of the bonds were used for the purpose of refunding all outstanding 2006B Bonds in July 2016. The remaining portion of the bonds will be used for remodeling, equipping and re-equipping and furnishing and refurnishing school buildings; purchasing and equipping school buses; acquiring, installing, equipping and re-equipping school buildings for instructional technology; erecting, furnishing and equipping a new early childhood center/elementary building; erecting an athletic storage building; and acquiring, preparing, developing, improving and equipping playgrounds and sites.

#### Redemption Prior to Maturity:

The bonds or portions of bonds in multiples of \$5,000 maturing on May 1, 2027 shall be subject to redemption prior to maturity at the option of the District in such order as the District may determine and by lot within any maturity, on any interest payment date occurring on or after May 1, 2026, at par and accrued interest to the date fixed for redemption.

# Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Education Jenison Public Schools Jenison, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Jenison Public Schools (the District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 20, 2023.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

Board of Education Jenison Public Schools Jenison, Michigan

## Report on Compliance for Each Major Federal Program

#### Opinion on Each Major Federal Program

We have audited Jenison Public Schools' (the District) compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the
  audit in order to design audit procedures that are appropriate in the circumstances and
  to test and report on internal control over compliance in accordance with the Uniform
  Guidance, but not for the purpose of expressing an opinion on the effectiveness of the
  District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in

internal control over compliance, yet important enough to merit attention by those charged with governance.

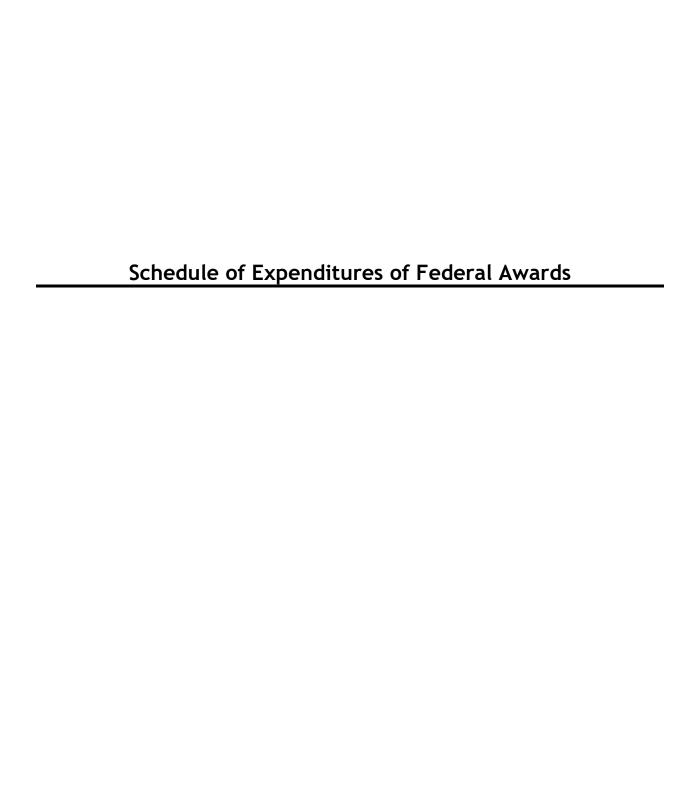

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

# Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2023

#### 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of The District under programs of the federal government for the year ended June 30, 2023. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of The District, it is not intended to and does not present the financial position or changes in net position of The District.

# 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Amounts reported in the Michigan Department of Education Grant Auditor Report reconcile with this schedule.

Inventory values are based on the USDA value for donated food commodities and include spoilage.

Pass-through entity identifying numbers are presented where available.

#### 3. Indirect Costs

Jenison Public Schools has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

# Schedule of Findings and Questioned Costs Year Ended June 30, 2023
