

Looking for full-time, part-time or summer work?
Preferred Companies has several open positions. Take a
look below!

Preferred Welding/Preferred Coatings – Holland, MI

1st & 2nd Shift Assembly Team Member

Responsibilities:

- Work with a team to assemble entire products or components
- Rotate through tasks for specific production processes
- Conduct quality inspections on products and parts
- Prepare finished products for shipment
- Maintain a clean and orderly work area
- Work with, understand, and follow SOP's (standard work instructions)

1st Shift Powder Coat Line worker

Responsibilities

- Take any and all hook or racking off and/or on of a moving paint line.
- Sort out bad or broken hooks or racks for repair or scrap.
- Sort out over painted or "heavy" hooks and racks for burn-off. Keep a good rotation going for burn-off to keep the line moving and to help for better paint adhesion on parts.
- Ensure area around you & the Racks Up/down Operator is unclogged and clean.
- Keep in communication with unloaders.
- Flex to help unload & load as needed.
- Wear proper PPE for each area on the line.

1st Shift Power Washer

- The primary function of this position is to clean and prepare products to be painted. Previous power washing skills are preferred but not required.

Weld Apprenticeship (Full-time)

- Looking to become a Welder/Fabricator? Preferred Welding has a 2-year program to help teach you welding on-the-job along with classes through our local community college.

1st & 2nd Shift General Labor

- Help where needed throughout the shop

Preferred Delivery Service – Jenison, MI

Power Washer

- Help assist our Delivery Service washing fleet trucks.
- Know how to operator a power washer

Preferred Machine – Jenison, MI

1st & 2nd Shift Material Sort (must be 18 and older)

Responsibilities:

- Sorting Laser tables.
- Tagging and marking parts for identification using the cut list.
- Deburring the cut parts with hand and power tools.
- Placing parts in stacks of 5 counts on designated carts and skids for further processing.
- Notifying team lead of any missing parts, laser-quality issues, or parts that do not meet quality standards.
- Removing scrap materials and placing them in the correct scrap bin or hopper.
- Marking drops with length, width thickness, and material type.
- Inventorying drops on drops sheet.
- Cleaning and removing debris from the tables and tracks.
- Following all company (SOP'S) as a standard.
- Proper Routing of parts per process on tags on designated carts

Sheet Metal Apprenticeship (Full-time)

- This apprenticeship is offered to any employee at Preferred. The apprenticeship walks you through each job function of the shop along with classes at our local community college. Each class and job department align with one another to help the employee be more knowledgeable of each department throughout Preferred.

If interested in an opening or would like more information, please contact our HR Manager, Brittany Westra at hr@preferredweld.com
