

## Notice of Herbicide Application

In an effort to maintain the aesthetic quality of the buildings and grounds of Jenison Public Schools, it has become necessary to apply a fertilizer and herbicide to the grounds of buildings within the district. You will be able to tell that the application has been applied by the dated lawn signs that will be posted.

Schools: Main Campus Baseball and Softball Diamonds

Date of application: 10/11/22  
Ranger PRO Herbicide

Area to be treated: Fence Lines, Warning Tracks, Batting Cages

Description of treatment: Ranger PRO Herbicide is a mixture of Flumioxazin, Kaolin clay and Ammonium Sulfate.

Applications will be applied by a State Certified Applicator to the grounds of the school.

If you have any questions or concerns please feel free to contact Jon Visser, Maintenance Supervisor at 667-3264. If you would like more information on pesticides you may call the National Pesticide Information Center at (800) 585-7378 or the Department of Agriculture at (517) 373-1087
