WHAT IS OPEN ENROLLMENT?

Annual Open Enrollment is the one time each year when you are allowed to make changes to your health care plan, outside of a “life event” such as a birth, death, marriage, divorce, job loss, etc. We want you to be equipped to make the best individual decisions for your healthcare in 2025, so please take the time to review the included information intended to help you:

1. Understand the overall cost and funding of your plan
2. Explain who is responsible for certain healthcare costs
3. Clearly identify the individual decisions you’re required to make

WHAT DO YOU NEED TO DO?

1. Carefully review this guide, as well as the accompanying information [found online by clicking here.](#)
2. Determine which 2025 health care plan elections are right for you and your family.

HEALTH SAVINGS ACCOUNTS (HSA)

HSA's are a type of savings account that let you set aside pre-tax money to pay for qualified medical expenses, such as orthodontic work, medical/dental co-pays, saving for retirement health costs, etc. You may choose to contribute additional money to your HSA (if eligible) to take advantage of the tax benefit—because HSA contributions are pre-tax, your taxable income is reduced by the amount that you contribute.

- JPS HSA's are managed through Health Equity. You can use your Health Equity card to pay for qualified medical expenses, or use their online portal or mobile app.
- *Note that the IRS imposes an annual cap on the amount you can contribute to an HSA.*
- You can change your HSA contributions and corresponding payroll deduction at any time. Simply fill out the **HSA form** on the website and Teresa Monroe will process the change.
- Annual contribution limits can be found on the HSA form.
